

# Vehicle Pre-Shipment Condition Report

The completion of this report is highly recommended, but non completion will not prevent any person from insuring a vehicle or caravan with ezimove.com Limited. If this report is completed, it must be by an independent party and prior to the transit date. Household goods and personal effects packed inside the vehicle are not covered.

Shipments of vehicles and caravans using "roll on roll off" vessels or containerised are insured, but not if shipped as deck cargo. Please refer to the Transit International policy applicable for full terms and conditions, or contact [info@ezimove.com](mailto:info@ezimove.com) with any queries.

**Claims:**

In the event of a claim, the onus of proving that damage occurred during transit and was not pre-existing at the time of shipment rests upon the Insured person. Providing the Claims Agent with a completed Vehicle Pre-Shipment Condition Report will materially assist in that regard. As an alternative, dated photographs showing front, rear and both sides of the vehicle or caravan taken immediately prior to shipment should suffice.

Please do not send us the completed report or photographs – these will only be required by the Claims Agent in the event of a claim.

**Policy Excess:**

The excess applicable shall be 2% of the sum insured with a minimum of NZ\$500, reducible to 1% of the sum insured with a minimum of NZ\$500 if a Vehicle Pre-Shipment Condition report is completed prior to shipment and/or suitable dated photographs can prove the vehicle condition all round.

**Owner Details:**

Name..... Current address .....

Current Phone ..... Mobile..... Fax..... Email.....

Contact address overseas if moving to new country.....

Contact after moving – Ph..... Mob..... Email.....

**Shipping Details:**

Destination..... on vessel..... Date of shipment / /
